## BIBLE BASICS 101

A Bible Study Seminar for Men and Women

In these troubled times people are worried, confused, and anxious. They are searching for answers, solutions and hope and you have exactly what they are looking for – God’s very living Word, the Bible! The Bible is crucial for your life. It is your number one weapon to discern truth from error, set the standard for right and wrong, and prepare you for things to come. The Bible is the authority for life and the power of God. You can trust it!

This inspiring, interactive seminar will be led by author and Bible teacher Angela Spitzer, who has been teaching inductive Bible studies, speaking at retreats, seminars, and special events, as well as discipling women for over 25 years. She will cover the basics and help us gain confidence in the reliability of the Scriptures as she guides us through a brief but comprehensive overview of the Bible and answers many common questions such as:

- What is the difference between the Old and New Testament?
- Does it matter if I read them in order?
- What are the original Bible languages?
- Why are there so many translations?
- Who decided which books to put in the Bible?
- Why do some Bibles have more books than others?
- What are they all about?
- Who wrote them?
- Which books apply to me?
- Is one translation better than another?
- Why should I study the Bible?
- Which books should I read first?

Not sure where to start reading your Bible, why your pastor always talks about the “Greek word” for something, what the old Testament has to do with it, or how to explain it all to your friends? This enlightening seminar will prepare, motivate, and equip you to handle accurately, study diligently, and share effectively, the living Word of God. Time is short, the need is urgent, and you have the answers. You won’t want to miss this powerful seminar – sign up today!
